

Spa Etiquette

Meeting Your Needs

On arrival our therapist will conduct a brief consultation to determine the treatments best suited to your needs. After assessing your health certain treatments will be recommended to ensure a holistic and rejuvenating spa experience.

What To Wear

It is not essential to carry or wear any specific attire. We provide bathrobes and disposable innerwear during the course of your treatment. In case of most Express Treatment (30 minutes), a change of clothes is not required.

Reservations

An advance booking prior to the intended treatment is strongly recommended. Please call us on +62 361 978444 and for in house guests please dial ext. 7205 or visit The Spa for any questions you may have.

Arrival Time & Late Arrivals

To make the most of your therapy, please arrive 15 minutes prior to your scheduled appointment time. In case of late arrivals, the treatment may need to be shortened should there be another booking immediately after.

Cancellation

We request a minimum of 24 hours notice if you are unable to keep your appointment. No show will incur a 100% cancellation fee.

Preparing For Your Treatment

No prior preparation is necessary for the most treatments; simply arrive and soak in the experience. For facial treatments, we recommend men shave several hours prior for maximum comfort and benefits to the skin.

Privacy

Our spa therapists are trained to be sensitive to your privacy. There are changing clothes, inbuilt restroom, and specially designed steam and shower areas inside our treatment rooms.

Children

Children under 16 years of age are not permitted in The Spa.

Mobile Phone Policy

To preserve peace and harmony of the space, we request guests to kindly turn off their mobile phones or step out to the lobby for urgent calls.

Feedback

Please feel free to let your therapist know how they can improve your treatment or level of comfort. During the massage, do let them know if you prefer heavier or lighter pressure, if you need an extra towel or need the sound or lighting level adjusted. We appreciate your feedback and encourage you to fill in the guest questionnaire following your treatment.

Kama Karana Spa invites you to a haven of peace, rejuvenation and tranquility.

Traditional philosophy and ancient knowledge of traditional Balinese healing is widely used to govern our well-being and personal vitality. Our holistic approach of Balinese healing treatments inspired by classical Hindu medical science based on Ayurvedic bible. In order to maintain good health, it is believed that the 'right' energy and positive vibrations must flow freely within the body. Often the stresses of modern life block this free-flowing energy making it essential to rebalance our 'Chakras' and regain health. Our therapeutic massages and treatments are based on this traditional philosophy.

The intuitive and skilled touch of our trained therapists promises to rejuvenate the body, calm the mind and harmonize the senses.

We incorporate natural, health-boosting botanical extracts and formulations into our therapies to bring you sustainable benefits. Several of our wellness products are crafted in-house using traditional recipes.
